

A TOUCH OF HEAVEN, INC.
Massage Therapy

Answers to some commonly asked questions about massage:

Q: How much does massage cost?

A: Professional massages range from \$40 to \$100 per hour. We charge \$60 for a one-hour session

Q: Does massage hurt?

A: Everyone has different tolerance levels; massage should never “hurt”. The therapist will keep an open line of communication to ensure you’re comfortable.

Q: What do I wear?

A: When on a massage table, the whole body is fully covered with a sheet, with the exception of the area being treated. You may choose to leave your panties/briefs on or off. Your privacy will always be respected. You may also receive a massage while you are fully clothed, if that would be your preference.

Q: What will I feel like after a massage?

A: Responses to massage vary for each individual. However, it is not uncommon to feel slightly groggy or under the weather due to the release of toxins into the blood stream. This is why it is recommended that you drink plenty of water following a massage.

Q: How often should I get a massage?

A: As often as 2-3 times per week for extreme/acute cases, or about once or twice a month for maintenance as recommended.
